

Anti-Human sIL-2Rα Antibody

Catalog # ABG10512

### Specification

# Anti-Human sIL-2Rα Antibody - Product Information

Application Reactivity Host Clonality WB, IHC, E Human Mouse Monoclonal

## Anti-Human sIL-2Ra Antibody - Additional Information

#### Preparation

Produced in mice using highly pure recombinant Human soluble IL-2 Receptor  $\alpha$  as the immunizing antigen. This IgG2<sub>aK</sub> antibody was purified from cell culture by Protein G affinity chromatography.

#### WesternBlot

To detect Human sIL-2R $\alpha$  by Western Blot analysis this antibody can be used at a concentration of 0.20-0.40 µg/ml. When used in conjunction with compatible secondary reagents the detection limit for recombinant Human sIL-2R $\alpha$ <span style="line-height: 115%; font-family: &apos;times new roman&apos;, serif; font-size: 12pt;"></span> is 2.0-4.0 ng/lane, under non-reducing conditions.

#### Sandwich

In a sandwich ELISA (assuming 100 $\mu$ l/well), a concentration of 4.0-8.0  $\mu$ g/ml of this antibody will detect at least 100 pg/ml of recombinant Human sIL-2R $\alpha$  when used in conjunction with compatible secondary reagents.

#### Immunohistochemistry

This antibody stained frozen human tonsil. The recommended concentration is  $5.0 \mu g/ml$  at room temperature. A labeled polymer detection system was used with DAB chromogen. Optimal concentrations and conditions may vary.

#### Formulation

A sterile filtered antibody solution was lyophilized from PBS.

# Reconstitution

Centrifuge vial prior to opening. Reconstitute in sterile water to a concentration of 0.1-1.0 mg/ml.

Storage -20°C

#### Precautions

Anti-Human sIL-2R $\alpha$  Antibody is for research use only and not for use in diagnostic or the rapeutic procedures.

### Anti-Human sIL-2Ra Antibody - Protocols

Provided below are standard protocols that you may find useful for product applications.

- <u>Western Blot</u>
- <u>Blocking Peptides</u>
- <u>Dot Blot</u>
- Immunohistochemistry
- Immunofluorescence
- Immunoprecipitation
- Flow Cytomety
- <u>Cell Culture</u>
