

**SFRP5 Antibody (Center) Blocking peptide**  
**Synthetic peptide**  
**Catalog # BP12966c****Specification**

---

**SFRP5 Antibody (Center) Blocking peptide - Product Information**Primary Accession [Q5T4F7](#)**SFRP5 Antibody (Center) Blocking peptide - Additional Information****Gene ID** 6425**Other Names**

Secreted frizzled-related protein 5, sFRP-5, Frizzled-related protein 1b, FRP-1b, Secreted apoptosis-related protein 3, SARP-3, SFRP5, FRP1B, SARP3

**Format**

Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.

**Storage**

Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

**Precautions**

This product is for research use only. Not for use in diagnostic or therapeutic procedures.

**SFRP5 Antibody (Center) Blocking peptide - Protein Information****Name** SFRP5**Synonyms** FRP1B, SARP3**Function**

Soluble frizzled-related proteins (sFRPS) function as modulators of Wnt signaling through direct interaction with Wnts. They have a role in regulating cell growth and differentiation in specific cell types. SFRP5 may be involved in determining the polarity of photoreceptor, and perhaps, other cells in the retina.

**Cellular Location**

Secreted.

**Tissue Location**

Highly expressed in the retinal pigment epithelium (RPE) and pancreas. Weak expression in heart, liver and muscle

**SFRP5 Antibody (Center) Blocking peptide - Protocols**

Provided below are standard protocols that you may find useful for product applications.

#### **SFRP5 Antibody (Center) Blocking peptide - Background**

Secreted frizzled-related protein 5 (SFRP5) is a member of the SFRP family that contains a cysteine-rich domain homologous to the putative Wnt-binding site of Frizzled proteins. SFRPs act as soluble modulators of Wnt signaling. SFRP5 and SFRP1 may be involved in determining the polarity of photoreceptor cells in the retina. SFRP5 is highly expressed in the retinal pigment epithelium, and moderately expressed in the pancreas. [provided by RefSeq].
