

Anti-Beta-HCG Antibody (Monoclonal, PC-2)
Catalog # ABO10491**Specification**

Anti-Beta-HCG Antibody (Monoclonal, PC-2) - Product Information

Application	IHC-P
Primary Accession	P01233
Host	Mouse
Isotype	Mouse IgG1
Reactivity	Human
Clonality	Monoclonal
Format	Lyophilized

Description

Mouse IgG monoclonal antibody for beta-HCG, chorionic gonadotropin, beta polypeptide (CGB) detection. Tested with IHC-P in Human. Cross-reactivities with LH, FSH and TSH are less than 0.3%.

Reconstitution

Add 1ml of PBS buffer will yield a concentration of 100ug/ml.

Anti-Beta-HCG Antibody (Monoclonal, PC-2) - Additional Information**Calculated MW**

17739 MW KDa

Application Details

Immunohistochemistry(Paraffin-embedded Section), 2 µg/ml, Human, By Heat

Subcellular Localization

Secreted.

Tissue Specificity

Placenta.

Protein Name

Choriogonadotropin subunit beta

Contents

Mouse ascites fluid, 1.2% sodium acetate, 2mg BSA, with 0.01mg NaN₃ as preservative.

Immunogen

Purified human Chorionic Gonadotropin.

Purification

Ascites

Cross Reactivity

Cross-reactivities with LH, FSH and TSH are less than 0.3%.

Storage

At -20 °C for one year. After r°Constitution,

at 4°C for one month. It can also be aliquotted and stored frozen at -20°C for a longer time. Avoid repeated freezing and thawing.

Sequence Similarities

Belongs to the glycoprotein hormones subunit beta family.

Anti-Beta-HCG Antibody (Monoclonal, PC-2) - Background

beta-HCG (beta-Human Chorionic Gonadotropin), also termed as Chorionic Gonadotropin, Beta Chain (CGB). It is encoded by a multigene cluster composed of six homologous sequences. And in the family of beta-containing glycoprotein hormones, beta-HCG is unique in that it contains an extension of 29 amino acids at its COOH end. beta-HCG is mapped to 19q13.32 and expressed in trophoblast and various malignant tumors promotes cellular motility in vivo. beta-HCG has a novel function in uterine adaptation to early pregnancy as well as in tumor development and underline the importance of HCG as an as yet unrecognized angiogenic factor.
