# **Goat Anti-VTI1B Antibody - Protein Information**

#### Name VTI1B

Synonyms VTI1, VTI1L, VTI1L1, VTI2

# **Function**

V-SNARE that mediates vesicle transport pathways through interactions with t-SNAREs on the target membrane. These interactions are proposed to mediate aspects of the specificity of vesicle trafficking and to promote fusion of the lipid bilayers. May be concerned with increased secretion

of cytokines associated with cellular senescence.

### **Cellular Location**

Early endosome membrane; Single-pass type IV membrane protein. Late endosome membrane; Single-pass type IV membrane protein. Lysosome membrane. Cytoplasmic granule. Recycling endosome membrane; Single-pass type IV membrane protein

#### **Tissue Location**

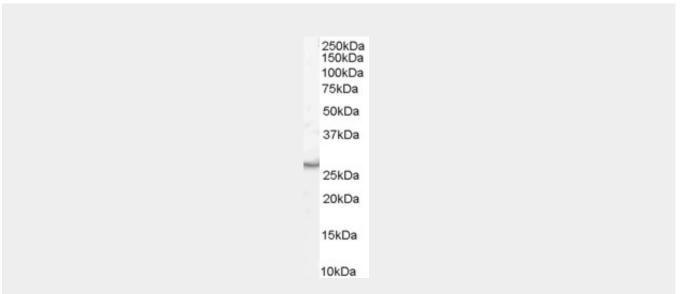

Expressed in all tissues examined.
