

Anti-FITC (Fluorescein Isothiocyanate) Antibody
Mouse Monoclonal Antibody
Catalog # AH13674**Specification**

Anti-FITC (Fluorescein Isothiocyanate) Antibody - Product Information

| | |
|-------------|--------------|
| Application | ,1,14,3,4, |
| Host | Mouse |
| Clonality | Monoclonal |
| Isotype | Mouse / IgG1 |

Anti-FITC (Fluorescein Isothiocyanate) Antibody - Additional Information**Other Names**

Fluorescein isothiocyanate, FITC

Format

200ug/ml of Ab purified from Bioreactor Concentrate by Protein A/G. Prepared in 10mM PBS with 0.05% BSA & 0.05% azide. Also available WITHOUT BSA & azide at 1.0mg/ml.

Storage

Store at 2 to 8°C. Antibody is stable for 24 months.

Precautions

Anti-FITC (Fluorescein Isothiocyanate) Antibody is for research use only and not for use in diagnostic or therapeutic procedures.

Anti-FITC (Fluorescein Isothiocyanate) Antibody - Protein Information**Anti-FITC (Fluorescein Isothiocyanate) Antibody - Protocols**

Provided below are standard protocols that you may find useful for product applications.

Anti-FITC (Fluorescein Isothiocyanate) Antibody - Images**Anti-FITC (Fluorescein Isothiocyanate) Antibody - Background**

This MAb recognizes both the free and protein-conjugated (either soluble or cell bound) form of

fluorescein or carboxy-fluorescein. Sensitivity of the FITC-anti-FITC system is reportedly similar to that of the biotin-avidin system. In biotin or enzyme-labeled form, this MAb is also suitable for the conversion of fluorescein-labeled detection into immuno-enzymatic assays.
