

ZNF521 Antibody (C-Terminus) Rabbit Polyclonal Antibody Catalog # ALS13591

Specification

ZNF521 Antibody (C-Terminus) - Product Information

Application	
Primary Accession	
Reactivity	
Host	
Clonality	
Calculated MW	
Dilution	

IHC-P <u>O96K83</u> Human Rabbit Polyclonal 148kDa KDa IHC-P~~N/A

ZNF521 Antibody (C-Terminus) - Additional Information

Gene ID 25925

Other Names Zinc finger protein 521, Early hematopoietic zinc finger protein, LYST-interacting protein 3, ZNF521, EHZF, LIP3

Reconstitution & Storage Short term 4°C, long term aliquot and store at -20°C, avoid freeze thaw cycles. Store undiluted.

Precautions ZNF521 Antibody (C-Terminus) is for research use only and not for use in diagnostic or therapeutic procedures.

ZNF521 Antibody (C-Terminus) - Protein Information

Name ZNF521

Synonyms EHZF, LIP3

Function

Transcription factor that can both act as an activator or a repressor depending on the context. Involved in BMP signaling and in the regulation of the immature compartment of the hematopoietic system. Associates with SMADs in response to BMP2 leading to activate transcription of BMP target genes. Acts as a transcriptional repressor via its interaction with EBF1, a transcription factor involved specification of B-cell lineage; this interaction preventing EBF1 to bind DNA and activate target genes.

Cellular Location Nucleus.

Tissue Location Predominantly expressed in hematopoietic cells. Present in organs and tissues that contain stem

and progenitor cells, myeloid and/or lymphoid: placenta, spleen, lymph nodes, thymus, bone marrow and fetal liver. Within the hematopoietic system, it is abundant in CD34(+) cells but undetectable in mature peripheral blood leukocytes, and its levels rapidly decrease during the differentiation of CD34(+) cells in response to hemopoietins

ZNF521 Antibody (C-Terminus) - Protocols

Provided below are standard protocols that you may find useful for product applications.

- <u>Western Blot</u>
- Blocking Peptides
- Dot Blot
- Immunohistochemistry
- Immunofluorescence
- Immunoprecipitation
- Flow Cytomety
- <u>Cell Culture</u>
