

SOX17 Antibody (aa70-120)

Rabbit Polyclonal Antibody Catalog # ALS15273

Specification

SOX17 Antibody (aa70-120) - Product Information

Application WB, IHC Primary Accession Q9H6I2

Reactivity Human, Mouse, Rat, Zebrafish, Monkey,

Opossum, Fish

Host Rabbit
Clonality Polyclonal
Calculated MW 44kDa KDa

SOX17 Antibody (aa70-120) - Additional Information

Gene ID 64321

Other Names

Transcription factor SOX-17, SOX17

Target/Specificity
Human SOX17

Reconstitution & Storage

Store at 4°C for short term applications. For long term storage, aliquot and store at -20°C.

Precautions

SOX17 Antibody (aa70-120) is for research use only and not for use in diagnostic or therapeutic procedures.

SOX17 Antibody (aa70-120) - Protein Information

Name SOX17

Function

Acts as a transcription regulator that binds target promoter DNA and bends the DNA. Binds to the sequences 5'-AACAAT-'3 or 5'- AACAAAG-3'. Modulates transcriptional regulation via WNT3A. Inhibits Wnt signaling. Promotes degradation of activated CTNNB1. Plays a key role in the regulation of embryonic development. Required for normal development of the definitive gut endoderm. Required for normal looping of the embryonic heart tube. Plays an important role in embryonic and postnatal vascular development, including development of arteries. Plays an important role in postnatal angiogenesis, where it is functionally redundant with SOX18. Required for the generation and maintenance of fetal hematopoietic stem cells, and for fetal hematopoiesis. Probable transcriptional activator in the premeiotic germ cells.

Cellular Location

Nucleus {ECO:0000255|PROSITE-ProRule:PRU00267}.

Tissue Location

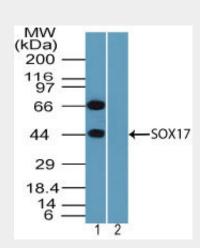

Expressed in adult heart, lung, spleen, testis, ovary, placenta, fetal lung, and kidney. In normal gastrointestinal tract, it is preferentially expressed in esophagus, stomach and small intestine than in colon and rectum.

SOX17 Antibody (aa70-120) - Protocols

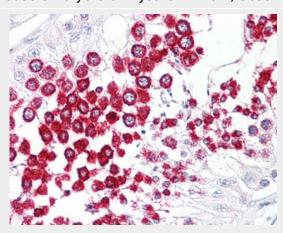

Provided below are standard protocols that you may find useful for product applications.

- Western Blot
- Blocking Peptides
- Dot Blot
- <u>Immunohistochemistry</u>
- Immunofluorescence
- Immunoprecipitation
- Flow Cytomety
- Cell Culture
