

**SET07 Antibody**  
**Purified Mouse Monoclonal Antibody (Mab)**  
**Catalog # AM1191b****Specification**

---

**SET07 Antibody - Product Information**

Application	WB,E
Primary Accession	<a href="#">O9NQR1</a>
Reactivity	Human, Mouse
Host	Mouse
Clonality	Monoclonal
Isotype	Mouse IgG1
Calculated MW	42890

**SET07 Antibody - Additional Information****Gene ID** 387893**Other Names**

N-lysine methyltransferase SETD8, 211-, H4-K20-HMTase SETD8, Histone-lysine N-methyltransferase SETD8, Lysine N-methyltransferase 5A, PR/SET domain-containing protein 07, PR-Set7, PR/SET07, SET domain-containing protein 8, SETD8, KMT5A, PRSET7, SET07, SET8

**Target/Specificity**

This SET07 antibody was raised using purified recombinant GST fusion protein encoding N-terminal of human SET07.

**Dilution**

WB~~1:500~1000

E~~Use at an assay dependent concentration.

**Format**

Purified monoclonal antibody supplied in PBS with 0.09% (W/V) sodium azide. This antibody is purified through a protein G column, followed by dialysis against PBS.

**Storage**

Maintain refrigerated at 2-8°C for up to 2 weeks. For long term storage store at -20°C in small aliquots to prevent freeze-thaw cycles.

**Precautions**

SET07 Antibody is for research use only and not for use in diagnostic or therapeutic procedures.

**SET07 Antibody - Protein Information****Name** KMT5A ([HGNC:29489](#))**Function** Protein-lysine N-methyltransferase that monomethylates both histones and non-histone proteins (PubMed:[12086618](#), PubMed:[12121615](#), PubMed:[15964846](#), PubMed:[17707234](#),

PubMed:[27338793](#)). Specifically monomethylates 'Lys-20' of histone H4 (H4K20me1) (PubMed:[12086618](#), PubMed:[12121615](#), PubMed:[15200950](#), PubMed:[15933069](#), PubMed:[15933070](#), PubMed:[15964846](#), PubMed:[16517599](#), PubMed:[27338793](#)). H4K20me1 is enriched during mitosis and represents a specific tag for epigenetic transcriptional repression (PubMed:[12086618](#), PubMed:[12121615](#), PubMed:[15200950](#), PubMed:[15933069](#), PubMed:[15933070](#), PubMed:[15964846](#), PubMed:[16517599](#)). Mainly functions in euchromatin regions, thereby playing a central role in the silencing of euchromatic genes (PubMed:[12086618](#), PubMed:[12121615](#), PubMed:[15200950](#), PubMed:[15933069](#), PubMed:[15933070](#), PubMed:[15964846](#), PubMed:[16517599](#)). Required for cell proliferation, probably by contributing to the maintenance of proper higher-order structure of DNA during mitosis (PubMed:[12086618](#), PubMed:[12121615](#), PubMed:[15200950](#), PubMed:[15933069](#), PubMed:[15933070](#), PubMed:[15964846](#), PubMed:[16517599](#)). Involved in chromosome condensation and proper cytokinesis (PubMed:[12086618](#), PubMed:[12121615](#), PubMed:[15200950](#), PubMed:[15933069](#), PubMed:[15933070](#), PubMed:[15964846](#), PubMed:[16517599](#)). Nucleosomes are preferred as substrate compared to free histones (PubMed:[12086618](#), PubMed:[12121615](#), PubMed:[15200950](#), PubMed:[15933069](#), PubMed:[15933070](#), PubMed:[15964846](#), PubMed:[16517599](#)). Mediates monomethylation of p53/TP53 at 'Lys-382', leading to repress p53/TP53-target genes (PubMed:[17707234](#)). Plays a negative role in TGF- $\beta$  response regulation and a positive role in cell migration (PubMed:[23478445](#)).

#### Cellular Location

Nucleus. Chromosome. Note=Specifically localizes to mitotic chromosomes (PubMed:[12208845](#)). Colocalized with SIRT2 at mitotic foci (PubMed:[23468428](#)). Associates with chromosomes during mitosis; association is increased in a H<sub>2</sub>O<sub>2</sub>-induced oxidative stress- dependent manner (PubMed:[23468428](#)). Associates with silent chromatin on euchromatic arms (PubMed:[12086618](#)). Not associated with constitutive heterochromatin (PubMed:[12086618](#)).

#### SET07 Antibody - Protocols

Provided below are standard protocols that you may find useful for product applications.

- [Western Blot](#)
- [Blocking Peptides](#)
- [Dot Blot](#)
- [Immunohistochemistry](#)
- [Immunofluorescence](#)
- [Immunoprecipitation](#)
- [Flow Cytometry](#)
- [Cell Culture](#)

#### SET07 Antibody - Images

The anti-SET07 Mab (Cat. #AM1191b) is used in Western blot to detect SET07 in 293 cells.
