

ZBBX Antibody (N-term)
Affinity Purified Rabbit Polyclonal Antibody (Pab)
Catalog # AP10427a**Specification**

ZBBX Antibody (N-term) - Product Information

Application	FC, IHC-P, WB,E
Primary Accession	A8MT70
Other Accession	NP_078963.2
Reactivity	Human
Host	Rabbit
Clonality	Polyclonal
Isotype	Rabbit IgG
Calculated MW	91426
Antigen Region	34-62

ZBBX Antibody (N-term) - Additional Information**Gene ID** 79740**Other Names**

Zinc finger B-box domain-containing protein 1, ZBBX

Target/Specificity

This ZBBX antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 34-62 amino acids from the N-terminal region of human ZBBX.

Dilution

FC~~1:10~50

IHC-P~~1:50~100

WB~~1:1000

E~~Use at an assay dependent concentration.

Format

Purified polyclonal antibody supplied in PBS with 0.09% (W/V) sodium azide. This antibody is purified through a protein A column, followed by peptide affinity purification.

Storage

Maintain refrigerated at 2-8°C for up to 2 weeks. For long term storage store at -20°C in small aliquots to prevent freeze-thaw cycles.

Precautions

ZBBX Antibody (N-term) is for research use only and not for use in diagnostic or therapeutic procedures.

ZBBX Antibody (N-term) - Images

ZBBX Antibody (N-term) (Cat. #AP10427a) western blot analysis in MDA-MB435 cell line lysates (35ug/lane). This demonstrates the ZBBX antibody detected the ZBBX protein (arrow).

ZBBX antibody (N-term) (Cat. #AP10427a) immunohistochemistry analysis in formalin fixed and paraffin embedded human colon carcinoma followed by peroxidase conjugation of the secondary antibody and DAB staining. This data demonstrates the use of the ZBBX antibody (N-term) for immunohistochemistry. Clinical relevance has not been evaluated.

ZBBX Antibody (N-term) (Cat. #AP10427a) flow cytometric analysis of MDA-MB435 cells (right histogram) compared to a negative control cell (left histogram). FITC-conjugated goat-anti-rabbit secondary antibodies were used for the analysis.
