

LIPM Antibody (C-term)
Affinity Purified Rabbit Polyclonal Antibody (Pab)
Catalog # AP12530b**Specification**

LIPM Antibody (C-term) - Product Information

Application	IHC-P, WB,E
Primary Accession	Q5VYY2
Other Accession	NP_001121687.1
Reactivity	Human
Host	Rabbit
Clonality	Polyclonal
Isotype	Rabbit IgG
Calculated MW	48233
Antigen Region	318-346

LIPM Antibody (C-term) - Additional Information**Gene ID** 340654**Other Names**

Lipase member M, 311-, Lipase-like abhydrolase domain-containing protein 3, LIPM, LIPL3

Target/Specificity

This LIPM antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 318-346 amino acids from the C-terminal region of human LIPM.

Dilution

IHC-P~~1:10~50

WB~~1:1000

E~~Use at an assay dependent concentration.

Format

Purified polyclonal antibody supplied in PBS with 0.09% (W/V) sodium azide. This antibody is purified through a protein A column, followed by peptide affinity purification.

Storage

Maintain refrigerated at 2-8°C for up to 2 weeks. For long term storage store at -20°C in small aliquots to prevent freeze-thaw cycles.

Precautions

LIPM Antibody (C-term) is for research use only and not for use in diagnostic or therapeutic procedures.

LIPM Antibody (C-term) - Protein Information**Name** LIPM

Synonyms LIPL3

Function Plays a highly specific role in the last step of keratinocyte differentiation. May have an essential function in lipid metabolism of the most differentiated epidermal layers.

Cellular Location

Secreted.

Tissue Location

Exclusively expressed in the epidermis within the granular keratinocytes.

LIPM Antibody (C-term) - Protocols

Provided below are standard protocols that you may find useful for product applications.

- [Western Blot](#)
- [Blocking Peptides](#)
- [Dot Blot](#)
- [Immunohistochemistry](#)
- [Immunofluorescence](#)
- [Immunoprecipitation](#)
- [Flow Cytometry](#)
- [Cell Culture](#)

LIPM Antibody (C-term) - Images

LIPM Antibody (C-term) (Cat. #AP12530b) western blot analysis in uterus tumor cell line lysates (35ug/lane). This demonstrates the LIPM antibody detected the LIPM protein (arrow).

LIPM Antibdy (C-term) (Cat. #AP12530b) immunohistochemistry analysis in formalin fixed and paraffin embedded human skin tissue followed by peroxidase conjugation of the secondary antibody and DAB staining. This data demonstrates the use of LIPM Antibdy (C-term) for immunohistochemistry. Clinical relevance has not been evaluated.

LIPM Antibody (C-term) - Background

LIPM plays a highly specific role in the last step of keratinocyte differentiation. May have an essential function in lipid metabolism of the most differentiated epidermal layers.
