T-box transcription factor TBX5, T-box protein 5, TBX5

Target/Specificity

This TBX5 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 1-30 amino acids from the N-terminal region of human TBX5.

Dilution

WB~~1:2000

IHC-P~~1:10~50

E~~Use at an assay dependent concentration.

Format

Purified polyclonal antibody supplied in PBS with 0.09% (W/V) sodium azide. This antibody is purified through a protein A column, followed by peptide affinity purification.

Storage

Maintain refrigerated at 2-8°C for up to 2 weeks. For long term storage store at -20°C in small aliquots to prevent freeze-thaw cycles.

Precautions

TBX5 Antibody (N-term) is for research use only and not for use in diagnostic or therapeutic procedures.

TBX5 Antibody (N-term) - Protein Information**Name** TBX5

Function DNA-binding protein that regulates the transcription of several genes and is involved in heart development and limb pattern formation (PubMed:[25725155](#), PubMed:[25963046](#), PubMed:[26917986](#), PubMed:[27035640](#), PubMed:[29174768](#), PubMed:[8988164](#)). Binds to the core DNA motif of NPPA promoter (PubMed:[26926761](#)).

Cellular Location

Nucleus {ECO:0000255|PROSITE-ProRule:PRU00201, ECO:0000269|PubMed:29174768}.
Cytoplasm Note=Shuttles between the cytoplasm and the nucleus. Acetylation at Lys-339 promotes nuclear retention.

TBX5 Antibody (N-term) - Background

This gene is a member of a phylogenetically conserved family of genes that share a common DNA-binding domain, the T-box. T-box genes encode transcription factors involved in the regulation of developmental processes. This gene is closely linked to related family member T-box 3 (ulnar mammary syndrome) on human chromosome 12. The encoded protein may play a role in heart development and specification of limb identity. Mutations in this gene have been associated with Holt-Oram syndrome, a developmental disorder affecting the heart and upper limbs. Several transcript variants encoding different isoforms have been described for this gene.
