

ST8SIA6 Antibody (Center)
Affinity Purified Rabbit Polyclonal Antibody (Pab)
Catalog # AP16680C**Specification**

ST8SIA6 Antibody (Center) - Product Information

Application	WB,E
Primary Accession	P61647
Other Accession	NP_001004470.1
Reactivity	Human
Host	Rabbit
Clonality	Polyclonal
Isotype	Rabbit IgG
Calculated MW	44836
Antigen Region	138-167

ST8SIA6 Antibody (Center) - Additional Information**Gene ID** 338596**Other Names**

Alpha-2, 8-sialyltransferase 8F, 2499-, Sialyltransferase 8F, SIAT8-F, Sialyltransferase St8Sia VI, ST8SiaVI, ST8SIA6, SIAT8F

Target/Specificity

This ST8SIA6 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 138-167 amino acids from the Central region of human ST8SIA6.

Dilution

WB~~1:1000

E~~Use at an assay dependent concentration.

Format

Purified polyclonal antibody supplied in PBS with 0.09% (W/V) sodium azide. This antibody is purified through a protein A column, followed by peptide affinity purification.

Storage

Maintain refrigerated at 2-8°C for up to 2 weeks. For long term storage store at -20°C in small aliquots to prevent freeze-thaw cycles.

Precautions

ST8SIA6 Antibody (Center) is for research use only and not for use in diagnostic or therapeutic procedures.

ST8SIA6 Antibody (Center) - Protein Information**Name** ST8SIA6 ([HGNC:23317](#))

Synonyms SIAT8F

Function Alpha-2,8-sialyltransferase that prefers O-glycans to N- glycans or glycolipids as acceptor substrates. The minimal acceptor substrate is the NeuAc-alpha-2,3(6)-Gal sequence at the non-reducing end of their carbohydrate groups.

Cellular Location

Golgi apparatus membrane; Single- pass type II membrane protein

ST8SIA6 Antibody (Center) - Protocols

Provided below are standard protocols that you may find useful for product applications.

ST8SIA6 Antibody (Center) - Background

Sialic acid is a key determinate of oligosaccharide structures involved in cell-cell communication, cell-substrate interaction, adhesion, and protein targeting. ST8SIA6 belongs to a family of sialyltransferases (EC 2.4.99.8) that synthesize sialylglycoconjugates (Takashima et al., 2002 [PubMed 11980897]).
