GAPT Antibody(Center) is for research use only and not for use in diagnostic or therapeutic procedures.

GAPT Antibody(Center) - Protein Information**Name** GAPT

Synonyms C5orf29

Function Negatively regulates B-cell proliferation following stimulation through the B-cell receptor. May play an important role in maintenance of marginal zone (MZ) B-cells (By similarity).

Cellular Location

Cell membrane; Single-pass membrane protein

Tissue Location

Highly expressed in spleen and PBL, detected at lower levels in thymus, and undetectable in all other tissues tested Also expressed in various B-cell lines, monocytic cell line THP-1 and NK-like cell line YT, but not in T-cell line Jurkat or HeLa cells
