

CUTA Antibody (C-term)
Affinity Purified Rabbit Polyclonal Antibody (Pab)
Catalog # AP20379b**Specification**

CUTA Antibody (C-term) - Product Information

Application	WB,E
Primary Accession	O60888
Other Accession	P69678
Reactivity	Human
Predicted	Bovine
Host	Rabbit
Clonality	Polyclonal
Isotype	Rabbit IgG
Calculated MW	19116
Antigen Region	116-144

CUTA Antibody (C-term) - Additional Information**Gene ID** 51596**Other Names**

Protein CutA, Acetylcholinesterase-associated protein, Brain acetylcholinesterase putative membrane anchor, CUTA, ACHAP, C6orf82

Target/Specificity

This CUTA antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 116-144 amino acids from the C-terminal region of human CUTA.

Dilution

WB~~1:1000

E~~Use at an assay dependent concentration.

Format

Purified polyclonal antibody supplied in PBS with 0.09% (W/V) sodium azide. This antibody is purified through a protein A column, followed by peptide affinity purification.

Storage

Maintain refrigerated at 2-8°C for up to 2 weeks. For long term storage store at -20°C in small aliquots to prevent freeze-thaw cycles.

Precautions

CUTA Antibody (C-term) is for research use only and not for use in diagnostic or therapeutic procedures.

CUTA Antibody (C-term) - Protein Information**Name** CUTA

Synonyms ACHAP, C6orf82

Function May form part of a complex of membrane proteins attached to acetylcholinesterase (AChE).

Tissue Location

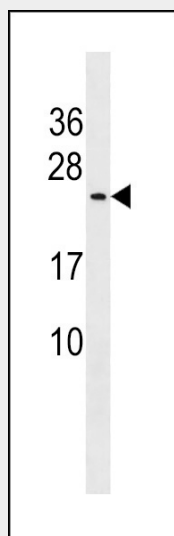

Ubiquitous. Widely expressed in brain.

CUTA Antibody (C-term) - Protocols

Provided below are standard protocols that you may find useful for product applications.

- [Western Blot](#)
- [Blocking Peptides](#)
- [Dot Blot](#)
- [Immunohistochemistry](#)
- [Immunofluorescence](#)
- [Immunoprecipitation](#)
- [Flow Cytometry](#)

CUTA Antibody (C-term) - Images

CUTA Antibody (C-term) (Cat. #AP20379b) western blot analysis in 293 cell line lysates (35ug/lane). This demonstrates the CUTA antibody detected the CUTA protein (arrow).

CUTA Antibody (C-term) - Background

May forms part of a complex of membrane proteins attached to acetylcholinesterase (AChE).
