

RUBCNL Antibody (Center)
Affinity Purified Rabbit Polyclonal Antibody (Pab)
Catalog # AP5893c**Specification**

RUBCNL Antibody (Center) - Product Information

| | |
|-------------------|-----------------------------|
| Application | WB, FC,E |
| Primary Accession | O9H714 |
| Other Accession | NP_079389.2 |
| Reactivity | Human |
| Host | Rabbit |
| Clonality | Polyclonal |
| Isotype | Rabbit IgG |
| Antigen Region | 379-405 |

RUBCNL Antibody (Center) - Additional Information**Gene ID** 80183**Other Names**

Uncharacterized protein KIAA0226-like, KIAA0226L, C13orf18

Target/Specificity

This C13orf18 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 379-405 amino acids from the Central region of human C13orf18.

Dilution

WB~~1:1000

FC~~1:10~50

E~~Use at an assay dependent concentration.

Format

Purified polyclonal antibody supplied in PBS with 0.09% (W/V) sodium azide. This antibody is purified through a protein A column, followed by peptide affinity purification.

Storage

Maintain refrigerated at 2-8°C for up to 2 weeks. For long term storage store at -20°C in small aliquots to prevent freeze-thaw cycles.

Precautions

RUBCNL Antibody (Center) is for research use only and not for use in diagnostic or therapeutic procedures.

RUBCNL Antibody (Center) - Protein Information**Name** RUBCNL ([HGNC:20420](#))**Function** Regulator of autophagy that promotes autophagosome maturation by facilitating the

biogenesis of phosphatidylinositol 3-phosphate (PtdIns(3)P) in late steps of autophagy (PubMed:[28306502](#), PubMed:[30704899](#)). Acts by antagonizing RUBCN, thereby stimulating phosphatidylinositol 3-kinase activity of the PI3K/PI3KC3 complex (PubMed:[28306502](#)). Following anchorage to the autophagosomal SNARE STX17, promotes the recruitment of PI3K/PI3KC3 and HOPS complexes to the autophagosome to regulate the fusion specificity of autophagosomes with late endosomes/lysosomes (PubMed:[28306502](#)). Binds phosphoinositides phosphatidylinositol 3-phosphate (PtdIns(3)P), 4- phosphate (PtdIns(4)P) and 5-phosphate (PtdIns(5)P) (PubMed:[28306502](#)). In addition to its role in autophagy, acts as a regulator of lipid and glycogen homeostasis (By similarity). May act as a tumor suppressor (Probable).

Cellular Location

Cytoplasmic vesicle, autophagosome membrane; Peripheral membrane protein. Note=Associates with late autophagic structure (PubMed:[28306502](#)). Recruitment to autophagosome membrane is promoted by autophagic stimuli (PubMed:[28306502](#))

Tissue Location

Expressed weakly in cervical carcinoma cell lines.

RUBCNL Antibody (Center) - Protocols

Provided below are standard protocols that you may find useful for product applications.
