

Annexin V Antibody (C-term)
Purified Rabbit Polyclonal Antibody (Pab)
Catalog # AP6580b**Specification**

Annexin V Antibody (C-term) - Product Information

Application	IHC-P, WB,E
Primary Accession	P08758
Other Accession	P14668 , P48036
Reactivity	Human
Predicted	Mouse, Rat
Host	Rabbit
Clonality	Polyclonal
Isotype	Rabbit IgG
Calculated MW	35937
Antigen Region	262-291

Annexin V Antibody (C-term) - Additional Information**Gene ID** 308**Other Names**

Annexin A5, Anchorin CII, Annexin V, Annexin-5, Calphobindin I, CBP-I, Endonexin II, Lipocortin V, Placental anticoagulant protein 4, PP4, Placental anticoagulant protein I, PAP-I, Thromboplastin inhibitor, Vascular anticoagulant-alpha, VAC-alpha, ANXA5, ANX5, ENX2, PP4

Target/Specificity

This Annexin V antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 262-291 amino acids from the C-terminal region of human Annexin V.

Dilution

IHC-P~~1:10~50

WB~~1:1000

E~~Use at an assay dependent concentration.

Format

Purified polyclonal antibody supplied in PBS with 0.09% (W/V) sodium azide. This antibody is prepared by Saturated Ammonium Sulfate (SAS) precipitation followed by dialysis against PBS.

Storage

Maintain refrigerated at 2-8°C for up to 2 weeks. For long term storage store at -20°C in small aliquots to prevent freeze-thaw cycles.

Precautions

Annexin V Antibody (C-term) is for research use only and not for use in diagnostic or therapeutic procedures.

Annexin V Antibody (C-term) - Protein Information

Name ANXA5

Synonyms ANX5, ENX2, PP4

Function This protein is an anticoagulant protein that acts as an indirect inhibitor of the thromboplastin-specific complex, which is involved in the blood coagulation cascade.

Annexin V Antibody (C-term) - Protocols

Provided below are standard protocols that you may find useful for product applications.

- [Western Blot](#)
- [Blocking Peptides](#)
- [Dot Blot](#)
- [Immunohistochemistry](#)
- [Immunofluorescence](#)
- [Immunoprecipitation](#)
- [Flow Cytometry](#)

Annexin V Antibody (C-term) - Images

Western blot analysis of Annexin V antibody (C-term) (Cat. #AP6580b) in SK-Br-3 cell line lysates (35ug/lane). Annexin V (arrow) was detected using the purified Pab.

Annexin V Antibody (C-term) (Cat. #AP6580b) IHC analysis in formalin fixed and paraffin embedded human hepatocarcinoma followed by peroxidase conjugation of the secondary antibody and DAB staining. This data demonstrates the use of the Annexin V Antibody (C-term) for immunohistochemistry. Clinical relevance has not been evaluated.

Annexin V Antibody (C-term) - Background

Annexin 5 belongs to the annexin family of calcium-dependent phospholipid binding proteins some of which have been implicated in membrane-related events along exocytotic and endocytotic pathways. Annexin 5 is a phospholipase A2 and protein kinase C inhibitory protein with calcium channel activity and a potential role in cellular signal transduction, inflammation, growth and differentiation. Annexin 5 has also been described as placental anticoagulant protein I, vascular anticoagulant-alpha, endonexin II, lipocortin V, placental protein 4 and anchorin CII.
