

### **General Transcription Factor II I Rabbit mAb**

**Catalog # AP76735** 

# **Specification**

## General Transcription Factor II I Rabbit mAb - Product Information

Application WB, IHC-P, IHC-F, ICC

Primary Accession
Reactivity
Human
Host
Rabbit

Clonality Monoclonal Antibody

Calculated MW 112416

### General Transcription Factor II I Rabbit mAb - Additional Information

**Gene ID 2969** 

**Other Names** 

GTF2I

**Dilution** 

WB~~1/500-1/1000

IHC-P~~N/A IHC-F~~N/A ICC~~N/A

**Format** 

Liquid

## **General Transcription Factor II I Rabbit mAb - Protein Information**

Name GTF2I

Synonyms BAP135, WBSCR6

#### **Function**

Interacts with the basal transcription machinery by coordinating the formation of a multiprotein complex at the C-FOS promoter, and linking specific signal responsive activator complexes. Promotes the formation of stable high-order complexes of SRF and PHOX1 and interacts cooperatively with PHOX1 to promote serum-inducible transcription of a reporter gene deriven by the C-FOS serum response element (SRE). Acts as a coregulator for USF1 by binding independently two promoter elements, a pyrimidine-rich initiator (Inr) and an upstream E-box. Required for the formation of functional ARID3A DNA- binding complexes and for activation of immunoglobulin heavy-chain transcription upon B-lymphocyte activation.

# **Cellular Location**

Cytoplasm. Nucleus {ECO:0000255|PROSITE-ProRule:PRU00484, ECO:0000269|PubMed:10373551} Note=Colocalizes with BTK in the cytoplasm

### **Tissue Location**

Ubiquitous. Isoform 1 is strongly expressed in fetal brain, weakly in adult brain, muscle, and lymphoblasts and is almost undetectable in other adult tissues, while the other isoforms are equally expressed in all adult tissues

## General Transcription Factor II I Rabbit mAb - Protocols

Provided below are standard protocols that you may find useful for product applications.

- Western Blot
- Blocking Peptides
- Dot Blot
- <u>Immunohistochemistry</u>
- <u>Immunofluorescence</u>
- <u>Immunoprecipitation</u>
- Flow Cytomety
- Cell Culture
