

**FUBP1 Antibody**  
**Rabbit mAb**  
**Catalog # AP90200****Specification**

---

**FUBP1 Antibody - Product Information**

|                                                                    |                        |
|--------------------------------------------------------------------|------------------------|
| Application                                                        | WB, IHC, FC, ICC       |
| Primary Accession                                                  | <a href="#">Q96AE4</a> |
| Reactivity                                                         | Rat                    |
| Clonality                                                          | Monoclonal             |
| <b>Other Names</b>                                                 |                        |
| DNA helicase V ;FBP;FUBP;Fubp1;Fubp4;FUSE-binding protein 1;HDH V; |                        |
| Isotype                                                            | Rabbit IgG             |
| Host                                                               | Rabbit                 |
| Calculated MW                                                      | 67560 Da               |

**FUBP1 Antibody - Additional Information**

|                              |                                                                                                                                                                                   |
|------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Dilution                     | WB~~1:1000<br>IHC~~1:100~500<br>FC~~1:10~50<br>ICC~~N/A                                                                                                                           |
| Purification                 | Affinity-chromatography                                                                                                                                                           |
| Immunogen                    | A synthesized peptide derived from human FUBP1                                                                                                                                    |
| Description                  | Regulates MYC expression by binding to a single-stranded far-upstream element upstream of the MYC promoter. May act both as activator and repressor of transcription.             |
| Storage Condition and Buffer | Rabbit IgG in phosphate buffered saline , pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol. Store at +4°C short term. Store at -20°C long term. Avoid freeze / thaw cycle. |

**FUBP1 Antibody - Protein Information****Name** FUBP1**Function**

Regulates MYC expression by binding to a single-stranded far- upstream element (FUSE) upstream of the MYC promoter. May act both as activator and repressor of transcription.

**Cellular Location**

Nucleus.

## FUBP1 Antibody - Protocols

Provided below are standard protocols that you may find useful for product applications.

- [Western Blot](#)
- [Blocking Peptides](#)
- [Dot Blot](#)
- [Immunohistochemistry](#)
- [Immunofluorescence](#)
- [Immunoprecipitation](#)
- [Flow Cytometry](#)
- [Cell Culture](#)

## FUBP1 Antibody - Images

Western blot analysis of FUBP1 expression in (1) Jurkat cell lysate; (2) Mouse brain lysate.
