

Vitronectin Antibody

Rabbit mAb Catalog # AP90456

Specification

Vitronectin Antibody - Product Information

Application WB, IHC, ICC

Primary Accession P04004
Reactivity Rat

Clonality Monoclonal

Other Names

VN; V75; VNT; VTNC; Vitronectin;

Isotype Rabbit IgG
Host Rabbit
Calculated MW 54306 Da

Vitronectin Antibody - Additional Information

Dilution WB~~1:1000

IHC~~1:100~500

ICC~~N/A

Purification Affinity-chromatography

Immunogen A synthesized peptide derived from human

Vitronectin

Description The protein encoded by this gene is a

member of the pexin family. It is found in serum and tissues and promotes cell adhesion and spreading, inhibits the

membrane-damaging effect of the terminal cytolytic complement pathway, and binds

to several serpin serine protease inhibitors. It is a secreted protein and exists in either a single chain form or a clipped, two chain form held together by a

disulfide bond.

Storage Condition and Buffer Rabbit IgG in phosphate buffered saline,

pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol. Store at +4°C short term. Store at -20°C long term. Avoid

freeze / thaw cycle.

Vitronectin Antibody - Protein Information

Name VTN

Function

Vitronectin is a cell adhesion and spreading factor found in serum and tissues. Vitronectin interact with glycosaminoglycans and proteoglycans. Is recognized by certain members of the integrin

family and serves as a cell-to-substrate adhesion molecule. Inhibitor of the membrane-damaging effect of the terminal cytolytic complement pathway.

Cellular Location

Secreted, extracellular space

Tissue Location

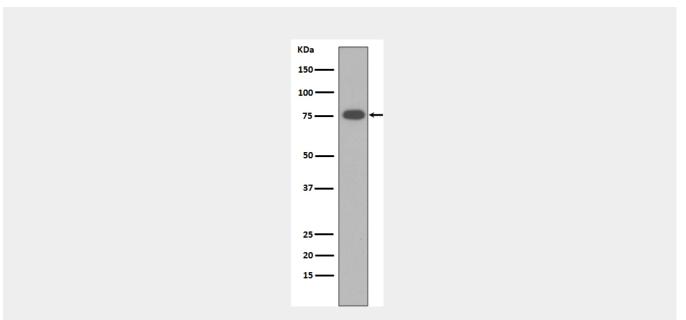

Expressed in the retina pigment epithelium (at protein level) (PubMed:25136834). Expressed in plasma (at protein level) (PubMed:2448300). Expressed in serum (at protein level) (PubMed:29567995).

Vitronectin Antibody - Protocols

Provided below are standard protocols that you may find useful for product applications.

- Western Blot
- Blocking Peptides
- Dot Blot
- <u>Immunohistochemistry</u>
- Immunofluorescence
- Immunoprecipitation
- Flow Cytomety
- Cell Culture

Vitronectin Antibody - Images

Western blot analysis of Vitronectin expression in human Serum membrane lysate.
