

**MEK3/MEK6 Antibody**  
**Rabbit mAb**  
**Catalog # AP90875****Specification**

---

**MEK3/MEK6 Antibody - Product Information**

|                                                                                                   |                               |
|---------------------------------------------------------------------------------------------------|-------------------------------|
| Application                                                                                       | WB, IHC, FC, ICC, IP          |
| Primary Accession                                                                                 | <a href="#">P46734/P52564</a> |
| Reactivity                                                                                        | Rat                           |
| Clonality                                                                                         | Monoclonal                    |
| <b>Other Names</b>                                                                                |                               |
| MEK6; MKK6; MAPKK6; PRKMK6; SAPKK3; MAP2K6; MEK3; MAP kinase kinase 3; MAPKK3; MAPK/ERK kinase 3; |                               |
| Isotype                                                                                           | Rabbit IgG                    |
| Host                                                                                              | Rabbit                        |
| Calculated MW                                                                                     | 39,37kDa KDa                  |

**MEK3/MEK6 Antibody - Additional Information**

|                              |                                                                                                                                                                                             |
|------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Dilution                     | WB~~1:1000<br>IHC~~1:100~500<br>FC~~1:10~50<br>ICC~~N/A<br>IP~~N/A                                                                                                                          |
| Purification                 | Affinity-chromatography                                                                                                                                                                     |
| Immunogen                    | A synthesized peptide derived from human MEK3/MEK6                                                                                                                                          |
| Description                  | Dual specificity kinase. Is activated by cytokines and environmental stress in vivo. Catalyzes the concomitant phosphorylation of a threonine and a tyrosine residue in the MAP kinase p38. |
| Storage Condition and Buffer | Rabbit IgG in phosphate buffered saline , pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol. Store at +4°C short term. Store at -20°C long term. Avoid freeze / thaw cycle.           |

**MEK3/MEK6 Antibody - Protein Information****MEK3/MEK6 Antibody - Protocols**

Provided below are standard protocols that you may find useful for product applications.

- [Western Blot](#)
- [Blocking Peptides](#)

- [Dot Blot](#)
- [Immunohistochemistry](#)
- [Immunofluorescence](#)
- [Immunoprecipitation](#)
- [Flow Cytometry](#)
- [Cell Culture](#)

### MEK3/MEK6 Antibody - Images

Western blot analysis of MEK3/MEK6 expression in HeLa cell lysate.
