

TIMP1 Antibody

Rabbit mAb **Catalog # AP91143**

Specification

TIMP1 Antibody - Product Information

WB, IHC, ICC Application **Primary Accession** P01033 **Monoclonal**

Clonality

Other Names

EPO; EPA; TIMP1; CLGI;

Isotype Rabbit IgG Host **Rabbit** Calculated MW 23171 Da

TIMP1 Antibody - Additional Information

Dilution WB~~1:1000

IHC~~1:100~500

ICC~~N/A

Purification **Affinity-chromatography**

A synthesized peptide derived from human **Immunogen**

TIMP1

Description Complexes with metalloproteinases (such

> as collagenases) and irreversibly inactivates them by binding to their catalytic zinc cofactor. Also mediates erythropoiesis in vitro; but, unlike IL-3, it is species-specific, stimulating the growth and differentiation of only human and

murine erythroid progenitors.

Rabbit IgG in phosphate buffered saline, Storage Condition and Buffer

pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol. Store at +4°C short term. Store at -20°C long term. Avoid

freeze / thaw cycle.

TIMP1 Antibody - Protein Information

Name TIMP1

Synonyms CLGI, TIMP

Function

Metalloproteinase inhibitor that functions by forming one to one complexes with target metalloproteinases, such as collagenases, and irreversibly inactivates them by binding to their catalytic zinc cofactor. Acts on MMP1, MMP2, MMP3, MMP7, MMP8, MMP9, MMP10, MMP11, MMP12, MMP13 and MMP16. Does not act on MMP14. Also functions as a growth factor that regulates cell

differentiation, migration and cell death and activates cellular signaling cascades via CD63 and ITGB1. Plays a role in integrin signaling. Mediates erythropoiesis in vitro; but, unlike IL3, it is species-specific, stimulating the growth and differentiation of only human and murine erythroid progenitors.

Cellular Location Secreted

Tissue Location

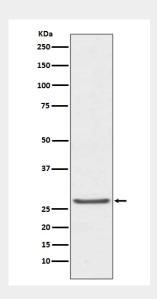

Detected in rheumatoid synovial fluid (at protein level).

TIMP1 Antibody - Protocols

Provided below are standard protocols that you may find useful for product applications.

- Western Blot
- Blocking Peptides
- Dot Blot
- <u>Immunohistochemistry</u>
- Immunofluorescence
- Immunoprecipitation
- Flow Cytomety
- Cell Culture

TIMP1 Antibody - Images

Western blot analysis of TIMP1 expression in human prostate cancer lysate.
