

### **Netrin 1 Antibody**

Rabbit mAb Catalog # AP91921

### **Specification**

### **Netrin 1 Antibody - Product Information**

Application WB, ICC
Primary Accession O95631
Reactivity Rat
Clonality Monoclonal

**Other Names** 

Netrin1; NTN1; NTN1L; Unc6;

Isotype Rabbit IgG
Host Rabbit
Calculated MW 67748 Da

# **Netrin 1 Antibody - Additional Information**

Dilution WB~~1:1000

ICC~~N/A

Purification Affinity-chromatography

Immunogen A synthesized peptide derived from human

Netrin 1

Description Netrins control guidance of CNS

commissural axons and peripheral motor axons. Its association with either DCC or some UNC5 receptors will lead to axon attraction or repulsion, respectively.

Rabbit InG in phosphate buffered saline

Storage Condition and Buffer Rabbit IgG in phosphate buffered saline ,

pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol. Store at +4°C short term. Store at -20°C long term. Avoid

freeze / thaw cycle.

# **Netrin 1 Antibody - Protein Information**

Name NTN1

Synonyms NTN1L

#### **Function**

Netrins control guidance of CNS commissural axons and peripheral motor axons. Its association with either DCC or some UNC5 receptors will lead to axon attraction or repulsion, respectively. Binding to UNC5C might cause dissociation of UNC5C from polymerized TUBB3 in microtubules and thereby lead to increased microtubule dynamics and axon repulsion (PubMed:<a href="http://www.uniprot.org/citations/28483977" target="\_blank">28483977</a>). Involved in dorsal root ganglion axon projection towards the spinal cord (PubMed:<a href="http://www.uniprot.org/citations/28483977" target="\_blank">28483977</a>). It also serves

as a survival factor via its association with its receptors which prevent the initiation of apoptosis. Involved in tumorigenesis by regulating apoptosis (PubMed:<a href="http://www.uniprot.org/citations/15343335" target=" blank">15343335</a>).

#### **Cellular Location**

Secreted. Cytoplasm. Note=Mainly secreted

#### **Tissue Location**

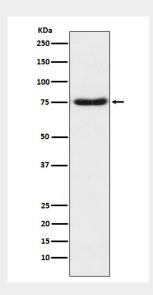

Widely expressed in normal adult tissues with highest levels in heart, small intestine, colon, liver and prostate Reduced expression in brain tumors and neuroblastomas. Expressed in epididymis (at protein level).

## **Netrin 1 Antibody - Protocols**

Provided below are standard protocols that you may find useful for product applications.

- Western Blot
- Blocking Peptides
- Dot Blot
- <u>Immunohistochemistry</u>
- Immunofluorescence
- Immunoprecipitation
- Flow Cytomety
- Cell Culture

# **Netrin 1 Antibody - Images**

Western blot analysis of Netrin 1 expression in Human fetal brain lysate.
