

### **AP2** alpha Antibody

Rabbit mAb Catalog # AP92381

#### **Specification**

# **AP2 alpha Antibody - Product Information**

Application WB, IHC, FC, ICC, IP

Primary Accession P05549
Reactivity Rat

Clonality Monoclonal

**Other Names** 

AP 2alpha; AP-2; AP2; AP2TF; BOFS; TFAP2; TFAP2A;

Isotype Rabbit IgG
Host Rabbit
Calculated MW 48062 Da

# **AP2 alpha Antibody - Additional Information**

Dilution WB~~1:1000

IHC~~1:100~500 FC~~1:10~50 ICC~~N/A IP~~N/A

Purification Affinity-chromatography

Immunogen A synthesized peptide derived from human

AP2 alpha

Description Sequence-specific DNA-binding protein

that interacts with inducible viral and cellular enhancer elements to regulate transcription of selected genes. AP-2 factors bind to the consensus sequence 5'-GCCNNNGGC-3' and activate genes involved in a large spectrum of important biological functions including proper eye, face, body wall, limb and neural tube

development.

Storage Condition and Buffer Rabbit IgG in phosphate buffered saline ,

pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol. Store at +4°C short term. Store at -20°C long term. Avoid

freeze / thaw cycle.

# **AP2 alpha Antibody - Protein Information**

Name TFAP2A

Synonyms AP2TF, TFAP2

#### **Function**

Sequence-specific DNA-binding protein that interacts with inducible viral and cellular enhancer elements to regulate transcription of selected genes. AP-2 factors bind to the consensus sequence 5'-GCCNNNGGC-3' and activate genes involved in a large spectrum of important biological functions including proper eye, face, body wall, limb and neural tube development. They also suppress a number of genes including MCAM/MUC18, C/EBP alpha and MYC. AP-2-alpha is the only AP-2 protein required for early morphogenesis of the lens vesicle. Together with the CITED2 coactivator, stimulates the PITX2 P1 promoter transcription activation. Associates with chromatin to the PITX2 P1 promoter region.

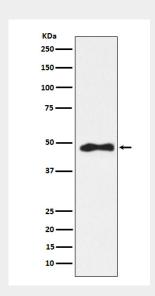

**Cellular Location** Nucleus.

## **AP2 alpha Antibody - Protocols**

Provided below are standard protocols that you may find useful for product applications.

- Western Blot
- Blocking Peptides
- Dot Blot
- Immunohistochemistry
- Immunofluorescence
- <u>Immunoprecipitation</u>
- Flow Cytomety
- Cell Culture

#### AP2 alpha Antibody - Images

Western blot analysis of AP2 alpha expression in Hela cell lysate.
