

### **CYTB Antibody (Center)**

Affinity Purified Rabbit Polyclonal Antibody (Pab)
Catalog # AP9621c

# **Specification**

# **CYTB Antibody (Center) - Product Information**

WB,E Application **Primary Accession** P00156 Reactivity Human Host **Rabbit** Clonality **Polyclonal** Isotype Rabbit IgG Calculated MW 42718 Antigen Region 201-228

# **CYTB Antibody (Center) - Additional Information**

### **Gene ID 4519**

### **Other Names**

Cytochrome b, Complex III subunit 3, Complex III subunit III, Cytochrome b-c1 complex subunit 3, Ubiquinol-cytochrome-c reductase complex cytochrome b subunit, MT-CYB, COB, CYTB, MTCYB

### Target/Specificity

This CYTB antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 201-228 amino acids from the Central region of human CYTB.

### **Dilution**

WB~~1:1000

E~~Use at an assay dependent concentration.

### **Format**

Purified polyclonal antibody supplied in PBS with 0.09% (W/V) sodium azide. This antibody is purified through a protein A column, followed by peptide affinity purification.

### Storage

Maintain refrigerated at 2-8°C for up to 2 weeks. For long term storage store at -20°C in small aliquots to prevent freeze-thaw cycles.

# **Precautions**

CYTB Antibody (Center) is for research use only and not for use in diagnostic or therapeutic procedures.

# **CYTB Antibody (Center) - Protein Information**

Name MT-CYB

Synonyms COB, CYTB, MTCYB

**Function** Component of the ubiquinol-cytochrome c reductase complex (complex III or cytochrome b-c1 complex) that is part of the mitochondrial respiratory chain. The b-c1 complex mediates electron transfer from ubiquinol to cytochrome c. Contributes to the generation of a proton gradient across the mitochondrial membrane that is then used for ATP synthesis.

### **Cellular Location**

Mitochondrion inner membrane {ECO:0000250|UniProtKB:P00157}; Multi-pass membrane protein {ECO:0000250|UniProtKB:P00157}

# **CYTB Antibody (Center) - Protocols**

Provided below are standard protocols that you may find useful for product applications.

- Western Blot
- Blocking Peptides
- Dot Blot
- Immunohistochemistry
- Immunofluorescence
- Immunoprecipitation
- Flow Cytomety
- Cell Culture

# CYTB Antibody (Center) - Images

Western blot analysis of CYTB Antibody (Center) (Cat. #AP9621c) in HL-60 cell line lysates (35ug/lane). CYTB (arrow) was detected using the purified Pab.

# CYTB Antibody (Center) - Background

Component of the ubiquinol-cytochrome c reductase complex (complex III or cytochrome b-c1 complex), which is a respiratory chain that generates an electrochemical potential coupled to ATP synthesis (By similarity).
