

JAM3 Antibody (monoclonal) (M01)

Mouse monoclonal antibody raised against a partial recombinant JAM3.

Catalog # AT2579a

Specification

JAM3 Antibody (monoclonal) (M01) - Product Information

Application	E
Primary Accession	Q9BX67
Other Accession	NM_032801
Reactivity	Human
Host	mouse
Clonality	Monoclonal
Isotype	IgG2a Kappa
Calculated MW	35020

JAM3 Antibody (monoclonal) (M01) - Additional Information

Gene ID 83700

Other Names

Junctional adhesion molecule C, JAM-C, JAM-2, Junctional adhesion molecule 3, JAM-3, JAM3

Target/Specificity

JAM3 (NP_116190, 82 a.a. ~ 180 a.a) partial recombinant protein with GST tag. MW of the GST tag alone is 26 KDa.

Dilution

E~~N/A

Format

Clear, colorless solution in phosphate buffered saline, pH 7.2 .

Storage

Store at -20°C or lower. Aliquot to avoid repeated freezing and thawing.

Precautions

JAM3 Antibody (monoclonal) (M01) is for research use only and not for use in diagnostic or therapeutic procedures.

JAM3 Antibody (monoclonal) (M01) - Protocols

Provided below are standard protocols that you may find useful for product applications.

- [Western Blot](#)
- [Blocking Peptides](#)
- [Dot Blot](#)
- [Immunohistochemistry](#)

- [Immunofluorescence](#)
- [Immunoprecipitation](#)
- [Flow Cytometry](#)
- [Cell Culture](#)

JAM3 Antibody (monoclonal) (M01) - Images

Detection limit for recombinant GST tagged JAM3 is approximately 0.1ng/ml as a capture antibody.

JAM3 Antibody (monoclonal) (M01) - Background

Tight junctions represent one mode of cell-to-cell adhesion in epithelial or endothelial cell sheets, forming continuous seals around cells and serving as a physical barrier to prevent solutes and water from passing freely through the paracellular space. The protein encoded by this immunoglobulin superfamily gene member is localized in the tight junctions between high endothelial cells. Unlike other proteins in this family, the this protein is unable to adhere to leukocyte cell lines and only forms weak homotypic interactions. The encoded protein is a member of the junctional adhesion molecule protein family and acts as a receptor for another member of this family.
