

TIFAB Antibody (Center) Blocking peptide
Synthetic peptide
Catalog # BP10892c**Specification**

TIFAB Antibody (Center) Blocking peptide - Product InformationPrimary Accession [Q6ZNK6](#)**TIFAB Antibody (Center) Blocking peptide - Additional Information****Gene ID** 497189**Other Names**TRAF-interacting protein with FHA domain-containing protein B, TIFA-like protein, TIFAB
{ECO:0000303|PubMed:15047173}**Format**

Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.

Storage

Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

Precautions

This product is for research use only. Not for use in diagnostic or therapeutic procedures.

TIFAB Antibody (Center) Blocking peptide - Protein Information**Name** TIFAB {ECO:0000303|PubMed:15047173}**Function**

Inhibits TIFA-mediated TRAF6 activation possibly by inducing a conformational change in TIFA.

TIFAB Antibody (Center) Blocking peptide - Protocols

Provided below are standard protocols that you may find useful for product applications.

- [Blocking Peptides](#)

TIFAB Antibody (Center) Blocking peptide - Images**TIFAB Antibody (Center) Blocking peptide - Background**

TIFAB associates with TIFA (MIM 609028) and inhibits TIFA-mediated activation of NF-kappa-B (NFKB1; MIM 164011)(Matsumura et al., 2004 [PubMed 15047173]).
