

HCFC1R1 Antibody (N-term) Blocking peptide
Synthetic peptide
Catalog # BP11644a**Specification**

HCFC1R1 Antibody (N-term) Blocking peptide - Product InformationPrimary Accession [Q9NWW0](#)**HCFC1R1 Antibody (N-term) Blocking peptide - Additional Information****Gene ID** 54985**Other Names**

Host cell factor C1 regulator 1, HCF-1 beta-propeller-interacting protein, HCFC1R1, HPIP

Format

Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.

Storage

Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

Precautions

This product is for research use only. Not for use in diagnostic or therapeutic procedures.

HCFC1R1 Antibody (N-term) Blocking peptide - Protein Information**Name** HCFC1R1**Synonyms** HPIP**Function**

Regulates HCFC1 activity by modulating its subcellular localization. Overexpression of HCFC1R1 leads to accumulation of HCFC1 in the cytoplasm. HCFC1R1-mediated export may provide the pool of cytoplasmic HCFC1 required for import of virion-derived VP16 into the nucleus.

Cellular Location

Cytoplasm. Nucleus. Note=Shuttles between the nucleus and cytoplasm in a CRM1-dependent manner

Tissue Location

Widely expressed..

HCFC1R1 Antibody (N-term) Blocking peptide - Protocols

Provided below are standard protocols that you may find useful for product applications.
