

IQCF5 Antibody (C-term) Blocking peptide
Synthetic peptide
Catalog # BP11826b**Specification**

IQCF5 Antibody (C-term) Blocking peptide - Product InformationPrimary Accession [A8MTL0](#)**IQCF5 Antibody (C-term) Blocking peptide - Additional Information****Gene ID** 389124**Other Names**

IQ domain-containing protein F5, IQCF5

Format

Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.

Storage

Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

Precautions

This product is for research use only. Not for use in diagnostic or therapeutic procedures.

IQCF5 Antibody (C-term) Blocking peptide - Protein Information**Name** IQCF5**IQCF5 Antibody (C-term) Blocking peptide - Protocols**

Provided below are standard protocols that you may find useful for product applications.

Nitric oxide is a reactive free radical which acts as a biologic mediator in several processes, including neurotransmission and antimicrobial and antitumoral activities. Nitric oxide is synthesized from L-arginine by nitric oxide synthases. Variations in this gene are associated with susceptibility to coronary spasm. Multiple transcript variants encoding different isoforms have been found for this gene.
