

ZFY Antibody (Center) Blocking peptide
Synthetic peptide
Catalog # BP12580c**Specification**

ZFY Antibody (Center) Blocking peptide - Product InformationPrimary Accession [P08048](#)**ZFY Antibody (Center) Blocking peptide - Additional Information****Gene ID** 7544**Other Names**

Zinc finger Y-chromosomal protein, ZFY

Format

Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.

Storage

Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

Precautions

This product is for research use only. Not for use in diagnostic or therapeutic procedures.

ZFY Antibody (Center) Blocking peptide - Protein Information**Name** ZFY**Function**

Probable transcriptional activator. Binds to the consensus sequence 5'-AGGCCY-3'.

Cellular Location

Nucleus.

ZFY Antibody (Center) Blocking peptide - Protocols

Provided below are standard protocols that you may find useful for product applications.

- [Blocking Peptides](#)

ZFY Antibody (Center) Blocking peptide - Images**ZFY Antibody (Center) Blocking peptide - Background**

This gene encodes a zinc finger-containing protein that may function as a transcription factor. This gene was once a candidate gene for the testis-determining factor (TDF) and was erroneously referred

to as TDF.
