

SOAT2 Antibody (N-term) Blocking Peptide
Synthetic peptide
Catalog # BP16119a**Specification**

SOAT2 Antibody (N-term) Blocking Peptide - Product InformationPrimary Accession [O75908](#)**SOAT2 Antibody (N-term) Blocking Peptide - Additional Information**

Gene ID 8435

Other Names

Sterol O-acyltransferase 2, Acyl-coenzyme A:cholesterol acyltransferase 2, ACAT-2, Cholesterol acyltransferase 2, SOAT2, AACT2, ACAT2

Format

Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.

Storage

Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

Precautions

This product is for research use only. Not for use in diagnostic or therapeutic procedures.

SOAT2 Antibody (N-term) Blocking Peptide - Protein InformationName SOAT2 ([HGNC:11178](#))

Synonyms AACT2, ACAT2

Function

Catalyzes the formation of fatty acid-cholesterol esters, which are less soluble in membranes than cholesterol (PubMed:16647063, PubMed:11294643). Plays a role in lipoprotein assembly and dietary cholesterol absorption (PubMed:11294643). Utilizes oleoyl-CoA ((9Z)- octadecenoyl-CoA) and linolenoyl-CoA ((9Z,12Z,15Z)-octadecatrienoyl- CoA) as substrates (PubMed:11294643). May provide cholesteryl esters for lipoprotein secretion from hepatocytes and intestinal mucosa (PubMed:11294643).

Cellular Location

Endoplasmic reticulum membrane {ECO:0000250|UniProtKB:O88908}; Multi-pass membrane protein

Tissue Location

Expression seems confined in hepatocytes and enterocytes.

SOAT2 Antibody (N-term) Blocking Peptide - Protocols

Provided below are standard protocols that you may find useful for product applications.

- [Blocking Peptides](#)

SOAT2 Antibody (N-term) Blocking Peptide - Images**SOAT2 Antibody (N-term) Blocking Peptide - Background**

SOAT2 plays a role in lipoprotein assembly and dietary cholesterol absorption. In addition to its acyltransferase activity, it may act as a ligase. May provide cholesteryl esters for lipoprotein secretion from hepatocytes and intestinal mucosa.
