

Mouse Hoxb13 Antibody (Center) Blocking Peptide
Synthetic peptide
Catalog # BP16151c

Specification

Mouse Hoxb13 Antibody (Center) Blocking Peptide - Product Information

Primary Accession [P70321](#)

Mouse Hoxb13 Antibody (Center) Blocking Peptide - Additional Information

Gene ID 15408

Other Names

Homeobox protein Hox-B13, Hoxb13

Format

Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.

Storage

Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

Precautions

This product is for research use only. Not for use in diagnostic or therapeutic procedures.

Mouse Hoxb13 Antibody (Center) Blocking Peptide - Protein Information

Name Hoxb13

Function

Sequence-specific transcription factor which is part of a developmental regulatory system that provides cells with specific positional identities on the anterior-posterior axis. Binds preferentially to methylated DNA (By similarity).

Cellular Location

Nucleus.

Tissue Location

Exhibits both spatial and temporal colinearity within the main body axis. At 12.5 dpc, is detected in hindgut, urogenital tract, spinal cord and tailbud. Not detected in secondary axes such as the limb and the genital tubercle

Mouse Hoxb13 Antibody (Center) Blocking Peptide - Protocols

Provided below are standard protocols that you may find useful for product applications.
