

PSG8 Antibody (Center) Blocking Peptide
Synthetic peptide
Catalog # BP16516c**Specification**

PSG8 Antibody (Center) Blocking Peptide - Product InformationPrimary Accession [Q9UQ74](#)**PSG8 Antibody (Center) Blocking Peptide - Additional Information****Gene ID** 440533**Other Names**

Pregnancy-specific beta-1-glycoprotein 8, PS-beta-G-8, PSBG-8, Pregnancy-specific glycoprotein 8, PSG8

Format

Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.

Storage

Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

Precautions

This product is for research use only. Not for use in diagnostic or therapeutic procedures.

PSG8 Antibody (Center) Blocking Peptide - Protein Information**Name** PSG8**Cellular Location**

Secreted.

PSG8 Antibody (Center) Blocking Peptide - Protocols

Provided below are standard protocols that you may find useful for product applications.

The human pregnancy-specific glycoproteins (PSGs) are a group of molecules that are mainly produced by the placental syncytiotrophoblasts during pregnancy. PSGs comprise a subgroup of the carcinoembryonic antigen (CEA) family, which belongs to the immunoglobulin superfamily. For additional general information about the PSG gene family, see PSG1 (MIM 176390). [supplied]
