

LIPN Antibody (C-term) Blocking Peptide
Synthetic peptide
Catalog # BP16829b**Specification**

LIPN Antibody (C-term) Blocking Peptide - Product Information

Primary Accession [Q5VXI9](#)

LIPN Antibody (C-term) Blocking Peptide - Additional Information

Gene ID 643418

Other Names

Lipase member N, 311-, Lipase-like abhydrolase domain-containing protein 4, LIPN, LIPL4

Format

Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.

Storage

Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

Precautions

This product is for research use only. Not for use in diagnostic or therapeutic procedures.

LIPN Antibody (C-term) Blocking Peptide - Protein Information

Name LIPN

Synonyms LIPL4

Function

Plays a highly specific role in the last step of keratinocyte differentiation. May have an essential function in lipid metabolism of the most differentiated epidermal layers.

Cellular Location

Secreted.

Tissue Location

Highly expressed in the epidermis in the granular keratinocytes. Also detected in other tissues, although at much lower levels, including lung and spleen.

LIPN Antibody (C-term) Blocking Peptide - Protocols

Provided below are standard protocols that you may find useful for product applications.
