

GMFB Antibody (Center) Blocking peptide
Synthetic peptide
Catalog # BP19466c

Specification

GMFB Antibody (Center) Blocking peptide - Product Information

Primary Accession [P60983](#)

GMFB Antibody (Center) Blocking peptide - Additional Information

Gene ID 2764

Other Names

Glia maturation factor beta, GMF-beta, GMFB

Format

Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.

Storage

Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

Precautions

This product is for research use only. Not for use in diagnostic or therapeutic procedures.

GMFB Antibody (Center) Blocking peptide - Protein Information

Name GMFB

Function

This protein causes differentiation of brain cells, stimulation of neural regeneration, and inhibition of proliferation of tumor cells.

GMFB Antibody (Center) Blocking peptide - Protocols

Provided below are standard protocols that you may find useful for product applications.
