

Mouse Gldn Antibody (Center) Blocking Peptide
Synthetic peptide
Catalog # BP19548c

Specification

Mouse Gldn Antibody (Center) Blocking Peptide - Product Information

Mouse Gldn Antibody (Center) Blocking Peptide - Additional Information

Format

Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.

Storage

Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

Precautions

This product is for research use only. Not for use in diagnostic or therapeutic procedures.

Mouse Gldn Antibody (Center) Blocking Peptide - Protein Information

Mouse Gldn Antibody (Center) Blocking Peptide - Protocols

Provided below are standard protocols that you may find useful for product applications.

Mouse Gldn Antibody (Center) Blocking Peptide - Background

Gldn plays a role in the formation of the nodes of Ranvier along myelinated axons. Probable NRCAM and NFASC/neurofascin ligand which may provide a glial positional clue required for the proper molecular assembly of the nodes of Ranvier (By similarity).
