

C1D Antibody (N-term) Blocking Peptide
Synthetic peptide
Catalog # BP19594a**Specification**

C1D Antibody (N-term) Blocking Peptide - Product Information**C1D Antibody (N-term) Blocking Peptide - Additional Information****Format**

Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.

Storage

Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

Precautions

This product is for research use only. Not for use in diagnostic or therapeutic procedures.

C1D Antibody (N-term) Blocking Peptide - Protein Information**C1D Antibody (N-term) Blocking Peptide - Protocols**

Provided below are standard protocols that you may find useful for product applications.

C1D Antibody (N-term) Blocking Peptide - Images**C1D Antibody (N-term) Blocking Peptide - Background**

The protein encoded by this gene is a DNA binding and apoptosis-inducing protein and is localized in the nucleus. It is also a Rac3-interacting protein which acts as a corepressor for the thyroid hormone receptor. This protein is thought to regulate TRAX/Translin complex formation. Alternate splicing results in multiple transcript variants that encode the same protein. Multiple pseudogenes of this gene are found on chromosome 10.
