

LMO1 Antibody (C-term) Blocking Peptide
Synthetic peptide
Catalog # BP19611b

Specification

LMO1 Antibody (C-term) Blocking Peptide - Product Information

LMO1 Antibody (C-term) Blocking Peptide - Additional Information

Format

Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.

Storage

Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

Precautions

This product is for research use only. Not for use in diagnostic or therapeutic procedures.

LMO1 Antibody (C-term) Blocking Peptide - Protein Information

LMO1 Antibody (C-term) Blocking Peptide - Protocols

Provided below are standard protocols that you may find useful for product applications.

LMO1 Antibody (C-term) Blocking Peptide - Background

LMO1 encodes a cysteine-rich, two LIM domain transcriptional regulator. It is mapped to an area of consistent chromosomal translocation in chromosome 11, disrupting it in T-cell leukemia, although more rarely than the related gene, LMO2 is disrupted.
