

NTS Blocking Peptide (Center)
Synthetic peptide
Catalog # BP21719c**Specification**

NTS Blocking Peptide (Center) - Product InformationPrimary Accession [P30990](#)**NTS Blocking Peptide (Center) - Additional Information****Gene ID** 4922**Other Names**

Neurotensin/neuromedin N, Large neuromedin N, NmN-125, Neuromedin N, NN, NmN, Neurotensin, NT, Tail peptide, NTS

Target/Specificity

The synthetic peptide sequence is selected from aa 73-87 of HUMAN NTS

Format

Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.

Storage

Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

Precautions

This product is for research use only. Not for use in diagnostic or therapeutic procedures.

NTS Blocking Peptide (Center) - Protein Information**Name** NTS**Function**

Neurotensin may play an endocrine or paracrine role in the regulation of fat metabolism. It causes contraction of smooth muscle.

Cellular Location

Secreted. Cytoplasmic vesicle, secretory vesicle. Note=Packaged within secretory vesicles

NTS Blocking Peptide (Center) - Protocols

Provided below are standard protocols that you may find useful for product applications.
