

RIG Blocking Peptide (C-Term)
Synthetic peptide
Catalog # BP21951b

Specification

RIG Blocking Peptide (C-Term) - Product Information

Primary Accession [Q13278](#)

RIG Blocking Peptide (C-Term) - Additional Information

Other Names

Putative protein RIG, Protein regulated in glioma, RIG

Target/Specificity

The synthetic peptide sequence is selected from aa 78-87 of HUMAN RIG

Format

Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.

Storage

Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

Precautions

This product is for research use only. Not for use in diagnostic or therapeutic procedures.

RIG Blocking Peptide (C-Term) - Protein Information

Name RIG

Function

May serve as a molecular marker for or play a role in the malignant progression of glioblastomas.

Tissue Location

Expressed predominantly in brain and weakly in heart and lung. Expression is reduced or undetectable in cultured glioma cells, primary glioblastoma cells and malignant glioblastoma tumors.

RIG Blocking Peptide (C-Term) - Protocols

Provided below are standard protocols that you may find useful for product applications.
