

### LTA4H Antibody (C-term) Blocking Peptide Synthetic peptide

Catalog # BP2844b

## Specification

# LTA4H Antibody (C-term) Blocking Peptide - Product Information

Primary Accession

<u>P09960</u>

# LTA4H Antibody (C-term) Blocking Peptide - Additional Information

Gene ID 4048

**Other Names** Leukotriene A-4 hydrolase, LTA-4 hydrolase, Leukotriene A(4) hydrolase, LTA4H, LTA4

## Target/Specificity

The synthetic peptide sequence used to generate the antibody <a href=/products/AP2844b>AP2844b</a> was selected from the C-term region of human LTA4H. A 10 to 100 fold molar excess to antibody is recommended. Precise conditions should be optimized for a particular assay.

Format

Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.

Storage

Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

### Precautions

This product is for research use only. Not for use in diagnostic or therapeutic procedures.

## LTA4H Antibody (C-term) Blocking Peptide - Protein Information

Name LTA4H

Synonyms LTA4

#### Function

Bifunctional zinc metalloenzyme that comprises both epoxide hydrolase (EH) and aminopeptidase activities. Acts as an epoxide hydrolase to catalyze the conversion of LTA4 to the pro-inflammatory mediator leukotriene B4 (LTB4) (PubMed:<a href="http://www.uniprot.org/citations/11917124" target="\_blank">11917124</a>, PubMed:<a href="http://www.uniprot.org/citations/1207002" target="\_blank">12207002</a>, PubMed:<a href="http://www.uniprot.org/citations/15078870" target="\_blank">15078870</a>, PubMed:<a href="http://www.uniprot.org/citations/15078870" target="\_blank">18804029</a>, PubMed:<a href="http://www.uniprot.org/citations/18804029" target="\_blank">18804029</a>, PubMed:<a href="http://www.uniprot.org/citations/1897988" target="\_blank">1897988</a>, PubMed:<a href="http://www.uniprot.org/citations/1975494" target="\_blank">1975494</a>, PubMed:<a href="http://www.uniprot.org/citations/1975494" target="\_blank">1975494</a>, PubMed:<a href="http://www.uniprot.org/citations/1975494" target="\_blank">2244921</a>, PubMed:<a href="http://www.uniprot.org/citations/1975494" target="\_blank">2244921</a>, PubMed:<a href="http://www.uniprot.org/citations/1975494" target="\_blank">2244921</a>, PubMed:<a href="http://www.uniprot.org/citations/2244921" target="\_blank">2244921</a>). Has also aminopeptidase activity, with high affinity for

N-terminal arginines of various synthetic tripeptides (PubMed:<a

href="http://www.uniprot.org/citations/20813919" target="\_blank">20813919</a>, PubMed:<a href="http://www.uniprot.org/citations/18804029" target="\_blank">18804029</a>). In addition to its pro-inflammatory EH activity, may also counteract inflammation by its aminopeptidase activity, which inactivates by cleavage another neutrophil attractant, the tripeptide Pro-Gly-Pro (PGP), a bioactive fragment of collagen generated by the action of matrix metalloproteinase-9 (MMP9) and prolylendopeptidase (PREPL) (PubMed:<a href="http://www.uniprot.org/citations/20813919" target="\_blank">20813919</a>, PubMed:<a href="http://www.uniprot.org/citations/24591641" target="\_blank">24591641</a>). Involved also in the biosynthesis of resolvin E1 and 18S-resolvin E1 from eicosapentaenoic acid, two lipid mediators that show potent anti- inflammatory and pro-resolving actions (PubMed:<a href="http://www.uniprot.org/citations/21206090" target="\_blank">21206090</a>).

Cellular Location Cytoplasm.

**Tissue Location** Isoform 1 and isoform 2 are expressed in monocytes, lymphocytes, neutrophils, reticulocytes, platelets and fibroblasts

## LTA4H Antibody (C-term) Blocking Peptide - Protocols

Provided below are standard protocols that you may find useful for product applications.

<u>Blocking Peptides</u>

LTA4H Antibody (C-term) Blocking Peptide - Images

## LTA4H Antibody (C-term) Blocking Peptide - Background

DHCR24 hydrolyzes an epoxide moiety of leukotriene A4 (LTA-4) to form leukotriene B4 (LTB-4). This enzyme also has some peptidase activity.
