

TDRKH Antibody (N-term) Blocking peptide
Synthetic peptide
Catalog # BP5917a**Specification**

TDRKH Antibody (N-term) Blocking peptide - Product Information

Primary Accession [O9Y2W6](#)
Other Accession [NP_006853.2](#), [NP_001077432.1](#),
[NP_001077434.1](#)

TDRKH Antibody (N-term) Blocking peptide - Additional Information

Gene ID 11022

Other Names

Tudor and KH domain-containing protein, Tudor domain-containing protein 2, TDRKH, TDRD2

Format

Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.

Storage

Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

Precautions

This product is for research use only. Not for use in diagnostic or therapeutic procedures.

TDRKH Antibody (N-term) Blocking peptide - Protein Information

Name TDRKH

Synonyms TDRD2

Function

Participates in the primary piRNA biogenesis pathway and is required during spermatogenesis to repress transposable elements and prevent their mobilization, which is essential for the germline integrity. The piRNA metabolic process mediates the repression of transposable elements during meiosis by forming complexes composed of piRNAs and Piwi proteins and govern the methylation and subsequent repression of transposons. Required for the final steps of primary piRNA biogenesis by participating in the processing of 31-37 nt intermediates into mature piRNAs. May act in pi-bodies and piP-bodies by transferring piRNA precursors or intermediates to or between these granules.

Cellular Location

Cytoplasm {ECO:0000250|UniProtKB:Q80VL1}. Mitochondrion {ECO:0000250|UniProtKB:Q80VL1}. Note=Probable component of the meiotic nuage, also named P granule, a germ-cell-specific organelle required to repress transposon activity during meiosis Colocalizes with pi- and piP-bodies, a subset of the nuage which contains secondary piRNAs. Associated with mitochondria

in the germline. {ECO:0000250|UniProtKB:Q80VL1}

TDRKH Antibody (N-term) Blocking peptide - Protocols

Provided below are standard protocols that you may find useful for product applications.
