

KRT4 Antibody (C-term) Blocking Peptide
Synthetic peptide
Catalog # BP6724b**Specification**

KRT4 Antibody (C-term) Blocking Peptide - Product InformationPrimary Accession [P19013](#)**KRT4 Antibody (C-term) Blocking Peptide - Additional Information****Gene ID** 3851**Other Names**

Keratin, type II cytoskeletal 4, Cytokeratin-4, CK-4, Keratin-4, K4, Type-II keratin Kb4, KRT4, CYK4

Target/Specificity

The synthetic peptide sequence used to generate the antibody [AP6724b](/products/AP6724b) was selected from the C-term region of human KRT4. A 10 to 100 fold molar excess to antibody is recommended. Precise conditions should be optimized for a particular assay.

Format

Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.

Storage

Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

Precautions

This product is for research use only. Not for use in diagnostic or therapeutic procedures.

KRT4 Antibody (C-term) Blocking Peptide - Protein Information**Name** KRT4**Synonyms** CYK4**Tissue Location**

Detected in the suprabasal layer of the stratified epithelium of the esophagus, exocervix, vagina, mouth and lingual mucosa, and in cells and cell clusters in the mucosa and serous gland ducts of the esophageal submucosa (at protein level). Expressed widely in the exocervix and esophageal epithelium, with lowest levels detected in the basal cell layer.

KRT4 Antibody (C-term) Blocking Peptide - Protocols

Provided below are standard protocols that you may find useful for product applications.

KRT4 Antibody (C-term) Blocking Peptide - Background

The protein is a member of the keratin family. The type II cytokeratins consist of basic or neutral proteins which are arranged in pairs of heterotypic keratin chains coexpressed during differentiation of simple and stratified epithelial tissues. This type II cytokeratin is specifically expressed in differentiated layers of the mucosal and esophageal epithelia with family member KRT13.
