

Fascin-3 Antibody (N-term) Blocking Peptide
Synthetic peptide
Catalog # BP6757c**Specification**

Fascin-3 Antibody (N-term) Blocking Peptide - Product InformationPrimary Accession [Q9NOT6](#)**Fascin-3 Antibody (N-term) Blocking Peptide - Additional Information****Gene ID** 29999**Other Names**

Fascin-3, Testis fascin, FSCN3

Target/Specificity

The synthetic peptide sequence used to generate the antibody [AP6757c](/products/AP6757c) was selected from the N-term region of human Fascin-3. A 10 to 100 fold molar excess to antibody is recommended. Precise conditions should be optimized for a particular assay.

Format

Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.

Storage

Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

Precautions

This product is for research use only. Not for use in diagnostic or therapeutic procedures.

Fascin-3 Antibody (N-term) Blocking Peptide - Protein Information**Name** FSCN3**Function**

Acts as an actin bundling protein.

Cellular Location

Cytoplasm, cytoskeleton.

Tissue Location

Expressed in testis.

Fascin-3 Antibody (N-term) Blocking Peptide - Protocols

Provided below are standard protocols that you may find useful for product applications.
