

CCL3 Antibody (C-term) Blocking Peptide Synthetic peptide Catalog # BP8527b

## **Specification**

## CCL3 Antibody (C-term) Blocking Peptide - Product Information

Primary Accession

<u>P10147</u>

## CCL3 Antibody (C-term) Blocking Peptide - Additional Information

Gene ID 6348

#### **Other Names**

C-C motif chemokine 3, G0/G1 switch regulatory protein 19-1, Macrophage inflammatory protein 1-alpha, MIP-1-alpha, PAT 4641, SIS-beta, Small-inducible cytokine A3, Tonsillar lymphocyte LD78 alpha protein, MIP-1-alpha(4-69), LD78-alpha(4-69), CCL3, G0S19-1, MIP1A, SCYA3

#### Target/Specificity

The synthetic peptide sequence used to generate the antibody <a href=/products/AP8527b>AP8527b</a> was selected from the C-term region of human CCL3. A 10 to 100 fold molar excess to antibody is recommended. Precise conditions should be optimized for a particular assay.

Format

Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.

#### Storage

Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

#### Precautions

This product is for research use only. Not for use in diagnostic or therapeutic procedures.

### CCL3 Antibody (C-term) Blocking Peptide - Protein Information

Name CCL3

Synonyms G0S19-1, MIP1A, SCYA3

Function

Monokine with inflammatory and chemokinetic properties. Binds to CCR1, CCR4 and CCR5. One of the major HIV-suppressive factors produced by CD8+ T-cells. Recombinant MIP-1-alpha induces a dose- dependent inhibition of different strains of HIV-1, HIV-2, and simian immunodeficiency virus (SIV).

Cellular Location Secreted.

# CCL3 Antibody (C-term) Blocking Peptide - Protocols

Provided below are standard protocols that you may find useful for product applications.

### CCL3 Antibody (C-term) Blocking Peptide - Background

Macrophage inflammatory protein-1 is a so-called monokine that is involved in the acute inflammatory state in the recruitment and activation of polymorphonuclear leukocytes.
