

**CCHCR1 Antibody (Center) Blocking Peptide**  
**Synthetic peptide**  
**Catalog # BP8528c****Specification**

---

**CCHCR1 Antibody (Center) Blocking Peptide - Product Information**Primary Accession [Q8TD31](#)**CCHCR1 Antibody (Center) Blocking Peptide - Additional Information****Gene ID** 54535**Other Names**

Coiled-coil alpha-helical rod protein 1, Alpha-helical coiled-coil rod protein, Putative gene 8 protein, Pg8, CCHCR1, C6orf18, HCR

**Target/Specificity**

The synthetic peptide sequence used to generate the antibody [AP8528c](/products/AP8528c) was selected from the Center region of human CCHCR1. A 10 to 100 fold molar excess to antibody is recommended. Precise conditions should be optimized for a particular assay.

**Format**

Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.

**Storage**

Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

**Precautions**

This product is for research use only. Not for use in diagnostic or therapeutic procedures.

**CCHCR1 Antibody (Center) Blocking Peptide - Protein Information****Name** CCHCR1**Synonyms** C6orf18, HCR**Function**

May be a regulator of keratinocyte proliferation or differentiation.

**Cellular Location**

Cytoplasm. Nucleus.

**Tissue Location**

Found in all tissues tested, abundantly expressed in heart, liver, skeletal muscle, kidney and pancreas, and to a lesser extent in lung and placenta. Overexpressed in keratinocytes of psoriatic lesions

**CCHCR1 Antibody (Center) Blocking Peptide - Protocols**

Provided below are standard protocols that you may find useful for product applications.
