

IGH Antibody (C-Term) Blocking Peptide
Synthetic peptide
Catalog # BP8783b

Specification

IGH Antibody (C-Term) Blocking Peptide - Product Information

Primary Accession [Q6GMX6](#)

IGH Antibody (C-Term) Blocking Peptide - Additional Information

Target/Specificity

The synthetic peptide sequence used to generate the antibody AP8783b was selected from the C-Term region of human IGH. A 10 to 100 fold molar excess to antibody is recommended. Precise conditions should be optimized for a particular assay.

Format

Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.

Storage

Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

Precautions

This product is for research use only. Not for use in diagnostic or therapeutic procedures.
