

**Human DGKA cDNA Clone**  
**Human cDNA**  
**Catalog # DC06303****Specification**

---

**Human DGKA cDNA Clone - Product Information**

|                      |                            |
|----------------------|----------------------------|
| Primary Accession    | <a href="#">BC031870</a>   |
| Other Accession      | <a href="#">BC031870</a>   |
| Tag For Purification | <b>KpnI+XhoI</b>           |
| Vector               | <b>pcDNA4/TO/myc-His A</b> |
| Orf Size             | <b>2205</b>                |

**Human DGKA cDNA Clone - Additional Information**

|                                                                               |             |
|-------------------------------------------------------------------------------|-------------|
| Gene ID                                                                       | <b>1606</b> |
| Gene Symbol                                                                   | <b>DGKA</b> |
| <b>Other Names</b>                                                            |             |
| diacylglycerol kinase, alpha 80kDa;DAGK, DAGK1, DGK-alpha, MGC12821, MGC42356 |             |

**Format**

The cDNA clone is shipped as dried plasmid DNA.

**Storage**

Maintain refrigerated at 2-8°C for up to one week. For long term storage store at -20°C

**Precautions**

This product is for research use only. Not for use in diagnostic or therapeutic procedures.

**Human DGKA cDNA Clone - Protocols**

Provided below are standard protocols that you may find useful for product applications.

- [Western Blot](#)
- [Blocking Peptides](#)
- [Dot Blot](#)
- [Immunohistochemistry](#)
- [Immunofluorescence](#)
- [Immunoprecipitation](#)
- [Flow Cytometry](#)
- [Cell Culture](#)
