

**Human PTPRO cDNA Clone**  
**Human cDNA**  
**Catalog # DC06971****Specification**

---

**Human PTPRO cDNA Clone - Product Information**

|                      |                                                       |
|----------------------|-------------------------------------------------------|
| Primary Accession    | <a href="#">NM_030667</a>                             |
| Other Accession      | <a href="#">NM_030669</a> , <a href="#">NM_030671</a> |
| Tag For Purification | <b>EcoRI+XhoI</b>                                     |
| Vector               | <b>pcDNA4.0 to myc hisA</b>                           |
| Orf Size             | <b>1215</b>                                           |

**Human PTPRO cDNA Clone - Additional Information**

|             |              |
|-------------|--------------|
| Gene ID     | <b>5800</b>  |
| Gene Symbol | <b>PTPRO</b> |

**Format**

The cDNA clone is shipped as dried plasmid DNA.

**Storage**

Maintain refrigerated at 2-8°C for up to one week. For long term storage store at -20°C

**Precautions**

This product is for research use only. Not for use in diagnostic or therapeutic procedures.

**Human PTPRO cDNA Clone - Protocols**

Provided below are standard protocols that you may find useful for product applications.

- [Western Blot](#)
- [Blocking Peptides](#)
- [Dot Blot](#)
- [Immunohistochemistry](#)
- [Immunofluorescence](#)
- [Immunoprecipitation](#)
- [Flow Cytometry](#)
- [Cell Culture](#)
